

Welcome Back

Welcome back to a new term at Cottingham. I hope you have had a lovely and restful half term and are raring to go again. I want to say a big well done to all the children in Oak class. You worked so hard last term and kept going, especially as this has been the longest time spent in school since the recent lockdown!

I cannot believe we are in the final term of this academic year, it will feel very strange knowing these remaining weeks will be the last for the year 4's that I have had in class for 2 years!! Here's to a jam-packed term full of learning, fun and good memories! If you have any questions or queries please don't hesitate to contact me through my school email.

Class: Oak

Term: 6

Homework

This year in Oak, maths homework will continue to set via MyMaths every Friday, to be completed by the following Friday. Children should also be reading on a daily basis. Termly spellings will be sent home shortly. These are organised into weeks however please review these frequently ready for our spelling bee at the end of the term.

Collective Worship

Collective worship will take place this year on a Tuesday and a Wednesday, with our celebration worship taking place on a Friday as always. We will also have class worship on a Monday and a Thursday. Due to restrictions that are in place this year, for the time being, we will not be able to gather together to take part in worship however we will be leading worship remotely, so that all classes can take part.

PE days

This term, PE in Oak will take place on a Tuesday and Friday afternoon. Children will be allowed to come to school in their PE kits on these two days.

Significant person

This term we will continue to spend time learning about a significant person. This is a person who has had a strong impact on our way of life or culture and that we think would be important for the children to know about. For our final person this year, we have chosen Nikola Tesla, who is most famous for the design of the modern alternating current electricity supply system

Quest:

For this term we will be continuing the theme of the Tudors where we will end our quest by visiting Burghley House for some exciting Tudor activities!

Teams

Although we are back in the classroom, Teams will still be used as an online platform where documents will be uploaded for you to access.

Homework ideas

As always, we are sharing a range of ideas for you to support the children with their learning quest work at home. Our quest will continue to be about The Tudors, however we will be moving on to geography and design technology this term. To support your child at home you might like to research about Easter Europe. Children could also research about the clothes and materials Tudors wore/had access to in Tudor times. We will also be looking at Nikola Tesla. Your child could begin to look at who these important people are, find out why they are important and what impact they had on Britain.
