

Welcome

Welcome back to a New Year and a new term at Cottingham. We were very much hoping to be able to welcome everyone in to school, however we now know that this is not to be. It is our aim to be able to continue a well structured program of learning for all children.

Please do make use of Tapestry in order to share your children's learning.

We will very much miss you all and look forward to your safe return as and when we are able to.

If you have any questions, please email them to myself at ndelo@cottinghamprimary.co.uk

Take care and stay safe.

Class: Willow

Term: 3

Reading

A great range of ebooks matched to your child's reading level are available on the 'Oxford Owl' website. At this stage it is really important that the children practice reading and hear adults reading everyday. Please make a note in your child's reading record so that we can understand how they are getting on with their books at home.

Quest: Let's Go Green!

In this quest we will be investigating materials and finding out how to protect our environment by reducing, reusing and recycling. We will be thinking about how we can do this on a small scale and how this can make a difference to

PE

It is important to stay active. You will be able to log on to Real PE for some super active sessions. (Personal login will be sent shortly). Get out for walks, bike rides or even set up your own physical challenges at home.

Homework ideas

Please see below a range of ideas for you to support the children with their learning quest work at home:

- Find out about ways that your family already tries to Reuse, Reduce and Recycle at home.
- Design a poster to promote others to look after our environment.
- Create a compost bin.
- Collect unwanted materials for an art project.
- Find out about artists who create art from recycled materials.
- Find a creative way of recycling by finding a new use for an everyday object at home
- Discover what happens to various materials when they are taken to the recycling plant
- Make a poster encouraging other to reduce, reuse and recycle
- Research ways in which we can treat our environment with care
- Name the materials you see around your house. Can you describe their properties and explain why they have been used to make the object?

Read 'George Saves the World by Lunchtime' by Jo Readman

Year 1 children will also be expected to access 'My Maths' weekly and 'Times Table Rockstars'.
